

VENETIAN THEATRE

Sound Console Information

The Venetian Theatre has an Allen & Heath GL2400 mix console. It is mounted in the front-row center balcony position. It is not moveable.

Full user manual is available on this web site:

<http://www.allen-heath.com/ahproducts/gl2400/>

Sound Monitor Information for the Stage

The Theatre uses an Aviom stage monitor system that allows for custom monitor mixes from user locations on or offstage. Quickstart guide available at:
